

Calvinist Cadet Corps & GEMS of New Zealand *Financial Assistance*

Criteria for Financial Support for New Zealand Clubs from the Board

There is a process to support the Cadets & GEMS Movement in New Zealand with financial support for specific tasks; e.g. Counsellor training, Clubs in need, the start-up of new clubs, National Camp organising, or getting delegates to Executive meetings.

Prior to applying to the Board for a subsidy for Counsellor Training or as a Club in need, the Club should approach their own Club treasurer, the local Church and the area Council treasurer. This needs to be documented in the application. This is in line with the organisational structure of the Movement.

Intent

Counsellor Training

The intent of subsidising training for counsellors is to promote the training of counsellors for effectiveness in their leadership role and to provide additional skills, which can be passed on to the children of their club and their fellow counsellors.

Clubs in Need

Where there is an unexpected financial burden that requires short -term assistance.

Start-up of New Clubs

In recognition of the cost of starting a new Club financial support will be provided by the Board in way of, the free supply of 2x Counsellor manuals and 2x guidebooks and a set of flags in the first operational year.

National Camps

The Board holds an account that can be used as a returnable float for the costs of organising a National Camp, e.g. Camp deposit etc.

Delegates to Executive Meetings

Synod approved a motion in 2008:

To make available an annual grant of \$1000.00 to the Cadet & GEMS Board to assist clubs who struggle financially in sending delegates to the Annual Executive.

This grant is available to clubs that struggle financially to attend the annual executive, either for travel costs, for fees payable for the weekend or for part thereof. All clubs are encouraged to attend the annual executive and send two delegates (Cadet & GEMS) as applicable.
